

KIM GILBERT

Professional table tennis champion, spokeswoman, arena exhibition performer, and special event host.

Born in Los Angeles, California, Kim began her table tennis career at the age of 14. She quickly mastered the game under coaching of Japan's Norikazu "Cannonball" Fuji, who was a former world table tennis champion. Kim soon became a junior champion and by the age of 17 she was selected to live and train at U.S. Olympic Training Centers and across Europe. With an aggressive all out attack styled game, Kim consistently ranked in the Top 12 U.S Women for several years during the eighties and early nineties. She won several gold medals at U.S. Olympic Festivals from 1982-1991 and was considered one of America's most promising sports stars. Kim holds numerous state and national titles, and even still holds the record for the fastest reflexes ever recorded at any U.S. Olympic Festival by any athlete in any sport, which was featured on ESPN in 1986.

While Kim was training for the 1992 Olympic Trials she suffered a severe shattered right arm in an accident which forced her to end her career. She didn't touch a paddle for 18 years until 2010 when she was invited to the grand opening of SPiN Hollywood (owned by Susan Sarandon). She tried to play again and to her own amazement was able to play very well. She was quickly offered an event hosting position at SPiN Hollywood and started training at the Gilbert Table Tennis Center to hone her skills again. With her recent success in competition, she secured corporate sponsorship which now supports her tour or competitions, special events, arena exhibitions, and fundraisers. In 2012, Kim Gilbert qualified for and finished in the Top 12 Women at the 2012 U.S. Olympic Trials! In February of 2013 Kim will be featured in Top Spin Movie along with an elite group of U.S. Olympians!!

1983 California State Women's Table Tennis Champion
1982 National Sports Festival Gold Medalist
1982 California State Junior Champion (Boys and Girls)

Kim is also hired as a professional table tennis player to host corporate, private and special events. There is a movement afoot in the United States now whereby "Ping-Pong" is being utilized in business as a way of breaking the ice between executives, because on the "court" everyone is made equal by virtue of their competitive spirit and enthusiasm for the game. This is a trend that has been highlighted in the national business press including Business Week Magazine, which has recently profiled her. Kim's enthusiasm for promoting the sport and the inspiration she provides for spectators has been embraced by the media covering her events. Kim has been profiled by ESPN, NBC, KCOP, Universal Sports, Los Angeles Times and Daily News.
